EasySYNC Document No.: ES\_000001

13 September 2011

### REACH Statement

REACH is a new European Community Regulation on chemicals and their safe use ([EC 1907/2006](#)). It deals with the **R**egistration, **E**valuation, **A**uthorization and Restriction of **C**hemical substances.

EasySYNC supports the aim of REACH in improving the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substances. EasySYNC will meet all REACH requirements, where applicable, and is committed to provide our customers with information concerning the material content of EasySYNC products in accordance with any relevant REACH requirements.

As a manufacturer of "articles" which do not intentionally release chemical substances, EasySYNC products and packaging are not subject to the REACH registration requirements.

EasySYNC are not involved in the manufacture of any chemicals. It is the legal responsibility of EasySYNC's material suppliers to ensure the chemicals used in the manufacture of any EasySYNC's products are registered with the European Chemical Agency (ECHA).

Where applicable, EasySYNC are currently REACH compliant and are constantly reviewing any legislation changes.

EasySYNC's have reviewed their material suppliers. None of the materials contain any of the currently listed SVHCs, including newly added chemicals in January 2010, March 2010 and June 2010.

On behalf of EasySYNC Limited,

A handwritten signature in black ink, appearing to read 'Susan Maxwell', is written over a light blue horizontal line.

Susan Maxwell, General Manager, Global
